

**The Gransden Sportsfield and Recreational Association.
Report to the Annual Parish Meeting – April 2025**

The GSRA remains profitable with an increased balance for the year ending 2024 over the same period for 2023.

As mentioned previously the condition of the car park continues to present challenges. The GSRA has pledged a significant amount to this which when matched with funding direct from the Parish Council covers half the total amount required to reengineer and resurface the car park. Plans for the remaining funding required now need to be established so the work can be commissioned this year if possible.

Thanks go to all but especially Jon Smith for the time he puts in as treasurer as well as Chris Butterworth of the Tennis Club who acts as Chair and Secretary. Also, to those who give up their time to try and keep the football pitches playable, repairing rabbit damage, improving drainage, marking out etc.
